

DETERMINING GOD'S WILL

We all want to know what God's will is, but God does not usually lay out the exact list of what we are supposed to do with our lives. Instead, the Bible explains that God's will is about how we are supposed to live - making disciples, loving God and our neighbor, giving thanks, etc. As you consider following God's will, focus more on who you are being - an obedient disciple-maker - and less on the specifics of what you are doing - what job you do, where you move, etc.
